

Information for non-EU students with residency abroad who wish to enrol in a degree programme at the University of Naples Federico II

In order to matriculate, international students must pre-enrol online through the University portal <https://www.universitaly.it/>. In the application, they must indicate the University of Naples Federico II and choose the degree programme they want to enrol in. They will also need to specify the Embassy / Consulate where they will apply for an entry visa to Italy.

The pre-enrolment application will be verified by the University of Naples and forwarded to the Embassy / Consulate they have specified.

Important: pre-enrolment alone does not grant admission to degree programmes. In order to matriculate the students also need to take and pass the verifications of the entry requirements and the admission procedures set for the degree programme of their interest.
